SKILLS

- React.js
- JavaScript
- Redux
- Frontend
- HTML
- CSS
- Node.js
- DOM
- Development
- Debugging
- AXIOS
- JSON
- Git

EDUCATION

Diploma in Mechanical Engineering
2017 - 2020
Government polytechnic college,
Nagercoil

12th Grade
2015 - 2017
Dr. Samuel Higher Secondary
School, Santhapuram

CERTIFICATION

Master **MERN** (MongoDB,
Express, **React.js,Redux**, Node.js)
with JWT, Firebase, and Google
OAuth - Building a Real Estate
Platform.
Certificate Number:
**UC-3966a26e-0759-4040-95a4-
dfc4c59d5b60**

PROFILE SUMMARY

A React.js Developer with 2 years and 8 months of experience, specializing in React and Redux, currently working at ConvertCart in Bengaluru. Proficient in building dynamic, user-friendly web applications with a strong focus on performance, scalability, and seamless UI/UX, leveraging modern development tools.

WORK EXPERIENCE

Convertcart, Bengaluru, India   14/12/2021 - present
                                                              2 years 8months

- Engineered high-performance, conversion-optimized components using React.js and Redux, driving user engagement and interaction.
- Crafted dynamic and responsive UI elements with SCSS, ensuring a visually appealing and consistent design across devices.
- Designed and implemented advanced features including time-bounded offers, spin wheels, social proof elements, and email opt-in forms, enhancing user experience.
- Leveraged JavaScript and Redux for robust state management, optimizing application performance and scalability.
- Developed and maintained complex styles and themes using SCSS, contributing to a cohesive and maintainable codebase.
- Collaborated with UI/UX designers to transform design concepts into functional and attractive components.
- Applied React best practices and JavaScript techniques to ensure high code quality, maintainability, and performance.

ACHIVEMENTS:

- Developed a real estate website as a capstone project, demonstrating practical skills in MongoDB, Express.js, React.js,Redux and Node.js.
- Developed a fully functional e-commerce website for a fruit shop using the MERN stack.
